## The Village Theatre

is a professional improv comedy theatre based in Cabbagetown in Atlanta, Georgia. Our improv comedy troupe has been performing together for over a decade and includes the most experienced and entertaining actors this side of the Mississippi! The Village Theatre offers a smorgasbord of performance and workshop opportunities for any group or organization. We are a one stop shop for creating an interactive, unique experience that will leave you in stitches!

## Entertainment

You can hold your private event on-site at our 120-seat theatre or we can travel to your location. Our shows encourage audience participation and are customized to fit your group's needs.

Our offerings include, but are not limited to:

***"The Meat & Fours Show"***

*4 Actors / 1 Emcee - 1 hour improv comedy show*

***Improv A\*\*Hole!"***

*Battle Royale competition improv comedy show where the audience determines who reigns victorious. Not for the faint of heart!*

We also offer onsite bartenders and catering options from Agave and Tin Lizzy's. You can eat, drink and be merry all at the same time!

## Workshops

Tired of the same old boring social function? Corporate jargon and rope courses leave you yawning? Well, look no further! The Village Theatre can provide fun, interactive workshops that allow groups large or small to get to know each other better, work together as a team, speak publicly with more confidence, and most importantly, have a blast in the process.

Our workshops can be tailored to fit any schedule and budget. Start with an hour long "break-the-ice" improv workshop or go to an all-day "Improv 101" intensive class, complete with a mini-show in front of your "peeps!" If you want the best of both worlds, combine any workshop with a show, and have fun learning the basics before lettin' the pros do all the work!

The Village Theatre events are perfect for companies, alumni groups, frats/sororities, birthday parties, church groups, neighborhood associations, adult social groups, or even weddings!

## Fundraising

**The challenge:** You need to raise money for your non-profit organization, school, charity event, community or social cause, and all event spaces charge too much!

**The solution:** For groups of 50 or more, The Village Theatre will share the proceeds of ticket sales for a specific show night. We offer discounted tickets that your organization can sell at the regular price. For any ticket you sell, your organization keeps the difference. (You pay nothing for any unsold tickets.)

We can also help you raise money by running silent auctions, donation stations and even a 50/50 cash raffle! Want us to open a little early for drinks and light apps?

***No problem!***

## Pricing/Contact Info

Prices vary depending on the size of the group, date and length of the event, etc.

The Village Theatre can work with all types of budgets and will customize your individual package to meet your group's needs. We're here to create an event you will always remember!

*"The FitWit Foundation held a fundraiser at Village Theatre, and we had a blast! Funny stuff, good people, great crowd, and a fantastic way to raise money for our cause. They made it a pain-free process with an easy set-up, and we look forward to working with them again soon."*

*"I would highly recommend the Village Theatre for any event. They were very easy to work with and the price was extremely affordable. We had our company holiday party there and everyone had a wonderful time. The actors worked with us to customize our show and make it exactly what we wanted. The actors who perform at the Village Theatre are extremely talented and have the ability to make a show speak to any audience."*

**- Todd Willis, Myers Carpet**

*"Having our party at Village Theatre couldn't have been more perfect! My girl friends and I (who were all celebrating our 30th years) couldn't have chosen a better venue or better people (the ZAINY cast) to help us celebrate. The Village Theatre's cast and crew were so fun to work with, creative in their skits and (do I even need to say it) HYSTERICAL. They made sure the birthday girls and our guests were rolling on the floor laughing. I heart the Village Theatre!"*
